

ADVFN BOOKS

Releases:

A Beginner's Guide to Value Investing

By markets expert and established author,
Clem Chambers.

Kindle Edition

Launch Date: 5 March 2012

A Beginner's Guide to Value Investing:

The stock market is not only for rich people, or those intent on gambling. 'Value Investing' is how Warren Buffet became the richest man in the world. A method of investing in the stock market without taking crazy risks, 'Value Investing' will help you build your fortune, no matter the economic climate.

Following the success of his longer investment guide, ***101 Ways to Pick Stock Market Winners***, this concise ebook has Clem Chambers explaining how value investing works in seven, easy-to-digest chapters.

Acclaim for ***101 Ways:***

'Chambers is a market legend...it should be on the bookshelf of all traders'

Robbie Burns,
author of *The Naked Trader*

Perfect for novice investors, the book clearly outlines how to choose the best stocks and how - thanks to the Internet - it's now possible to access trading tools that would have once cost thousands of pounds, completely free.

With added advice on how to monitor your stocks and when to sell them, and Chambers' own special rules for weeding out bad companies that appear good on the surface, ***A Beginner's Guide to Value Investing*** is the perfect way to ensure you 'get rich slow' with minimal stress.

About Clem Chambers

Clem Chambers is CEO of leading, global stocks and shares information site, **ADVFN (www.advfn.com)**.

Credited with steering the company from likely

dot.com failure to thriving market leader, Clem's intricate knowledge of the workings of financial markets is highly sought after by broadcasters such as the BBC, CNN and CNBC, on whose networks he regularly appears as a commentator.

Chambers has written investment columns for Internet bible *Wired Magazine*, which described him as a 'Market Maven', and writes regularly for *Your Trading Edge* and *Trader's* magazines, as well as the *Scotsman*, and *Forbes.com*. He has also advised readers of *Investor's Chronicle* and *Money Observer* and is the author of a series of financial thriller novels.
