

ADVFN BOOKS

New Release:
***The Great Oil Price Fixes
And How To Trade Them***

By **Simon Watkins**

Kindle and Paperback

Publication Date: 19 August 2015

ADVFN Books' latest release is an essential guide to trading in the oil market, covering the history, the major players, and the way it has been manipulated.

The oil market has been manipulated to an extremely high degree for decades, both overtly and covertly, and given its enduring geopolitical importance that is likely to continue.

Traders need to understand the essential dynamics that drive the global oil market, offering as it does unparalleled opportunities to make returns over and above those of other markets. The oil market is also an essential part of trading FX, equities, bonds and other commodities.

Simon Watkins' book *The Great Oil Price Fixes And How To Trade Them* offers you the knowledge you need. It covers the history of the market, gives you an understanding of the players in the oil game, and provides a solid grounding in the market-specific trading nuances required in this particular field.

The essential elements of the general trading methodology, strategies and tactics that underpin top professional traders are covered with reference to how they can be used to trade in the oil market.
